25X1 9. [] LIAISON Called Kendie Stewart, in the office of Senator Malcolm Wallop (R., Wyo.), who advised that the Senator is going to be tied up in the Marston hearings which begin on 21 February. She said he does not want to schedule anything until he finds out what the schedule for those hearings will be. She said she would call me back on 21 or 22 February and we can then try to arrange a time for the Director to meet with the Senator.

25X1 10. [] LIAISON Called Frank Potter, Counsel and Staff Director, House Interstate & Foreign Commerce Subcommittee on Energy & Power, concerning his request for a work study on Saudi Arabian oil. He said he did not retain a copy of the paper but he would like to take a peek at it because the OER briefing which I had laid on as a substitute did not get into as many details as he expected. I again outlined the difficult position that it places our analysts in when they are made to answer to outsiders on their work product and drafts because this could have a chilling and adverse effect on the final product. I asked Potter if he shared our views on the importance of this concept or had other views. He said he agreed with us but obviously does not believe a peek would seriously violate it. I told him I would see what movement we can make without impinging upon the integrity of our process and that I would call him back. I then discussed this fully with [] NFAC/CSS, who is to review the matter and let me know the outcome.

25X1 11. [] LIAISON Bob Beckel, White House staff, called to arrange a session at 1:00 p.m. today in the White House to review material related to the Bayh/Goldwater request of 7 February 1978 concerning public release of information relating to [] which I attended in the company of [] DDO/LA Division.

I met with Hal Ford, Senate Select Committee on Intelligence staff,

We asked for a one day delay in release of the statement because top management

Legislative Counsel, on 17 January. I had asked Coulson to try to locate
them after we had been unable to find them here. Coulson informed me
that the Bureau had searched as well and was also unable to locate the
documents.
